To whom it may concern

Dear Madam/Sir,

This is to certify that Mr. Vedastravas Dasari, worked in my group as research intern from 14 March 2024 to 14 May 2024. During his tenure in my group, he worked on the development of machine learning algorithms for predicting the possible locations of holes in an elastic structure given the first 10 natural frequencies of the system. During the period of his stay in my group, I found him to be sincere and hard working. I wish him all the very best in her future endeavours.

Sincerely,

Dr. Ratna Kumar Annabattula
